DEP File # CE 197-0574

To Whom It May Concern:

On Monday, February 1, 2016 I performed a site visit at the above-referenced property and found that the work being done is within the work area described in the Notice of Intent filed for this project, and has not gone beyond this area.

Also, additional measures have been taken to prevent material from getting into the street in front of the property.

Please call if you have any questions.
