Date: August 24th, 2017

Location: 875 Pleasant St.
Rochdale, MA

To whom it may concern:

At the location above, Brookside Package Store, there are six maple trees being asked for removal and a small section trimmed back of an oak tree. I have attached pictures of the trees to be removed and trimmed.

The six trees to be removed are growing over and towards the building. The heating oil tank is located on this side. During winter ice and snow build up is a problem on this side. A rear exit to the building is affected by this. The stumps are on a slope. This is not an ideal location or safe location for these trees. The sections for trimming is over the service wires. During winter the branches weigh down adding pressure to these wires creating a hazardous situation.

I am seeking permission to do the services asked by the customers.

Thank you,

Jonathan Bonin
