Dear Members of the Commission:

I hereby certify the work performed at 7 Sandy Circle, plan dated September 16, 2008, entitled "Plan of Subsurface Sewage System Design" and prepared for Frederick and Sandra LaFlash has been completed in substantial compliance with the design plan prepared by Coyle Engineering, Inc.

Please note, the Order of Conditions called for a line of boulders to be installed at the back of the property line. This line of boulders was not installed, however to install the line of boulders at this time would require work within the buffer zone which may not be necessary.

If you have any questions please don't hesitate to call me at 508-892-9799.

Sincerely,

William A. Coyle, P.E.
