SECTION 2.

The repeal of a by-law shall not thereby have the effect of reviving any By-Laws theretofore repealed.

SECTION 3.

Words and phrases specifying or naming any officer, board or committee of the town, shall be construed as including the lawful successor, or the person or persons having the powers and performing the duties of such officer, board or committee.

SECTION 4.

When in a by-law anything is prohibited from being done without the license or permission of a certain officer, board or committee, such officer, board or committee shall have the right to license or permit such thing to be done.

SECTION 5.

Any or all of these By-Laws may be repealed or amended, or other By-Laws may be adopted at any Town Meeting by a majority vote of the voters present and voting, an article or articles for that purpose having been inserted in the warrant for such meeting by the Select Board. All proposed By-Laws and changes in By-Laws must be submitted, in writing, to the By-Law Committee not less than forty-five days prior to the business session of the Annual Town Meeting or forty-five days prior to a Special Town Meeting at which they shall be considered. The Moderator shall solicit recommendations from the By-Law Committee at the Town Meeting when said By-Laws or By-Law changes are considered.

SECTION 6.

Whoever violates any of the provisions of these By-Laws whereby any act or thing is enjoined or prohibited shall be subject to the following terms of enforcement:

- a. **Criminal Complaint** Whoever violates any provision of these By-Laws may be penalized by indictment or on complaint brought in the district court. Except as may be otherwise provided by law and as the district court may see fit to impose, the maximum penalty for each violation, or offense, brought in such a manner, shall be three hundred (\$300) dollars.

The penalty for each violation, or offense, of the lawful by-law, rule or regulation of such municipal officer, board or department shall not exceed three hundred (\$300) dollars and shall be the specific amount set forth in the by-law, rule or regulation. Unless otherwise specified in the by-law, rule or regulation, enforcement shall be by the Select Board. Nothing contained in this paragraph shall preclude, prohibit or prevent such municipal officer, board or department from pursuing any lawful means of enforcement, penalty, injunction or disposition as otherwise provided by General Law.

Section 2. Substantive Provisions

A. Operation of Vehicles

- (1) **Drive Within Marked Lanes.** When any roadway is divided into lanes, the driver of a vehicle shall so drive that the vehicle shall be entirely within a single lane, and s/he shall not move from the lane in which s/he is driving until s/he has first ascertained if such movement can be made with safety.
- (2) **Use Right Lane.** Upon all roadways, the driver of a vehicle shall drive in the lane nearest the right side of the roadway when said lane is available for travel, except when overtaking another vehicle or when preparing for a left turn.

(4) Overtake Only When There is a Space Ahead. The driver of a vehicle shall not overtake and pass a vehicle proceeding in the same direction unless there is sufficient clear space ahead on the right side of the road- way to permit the overtaking to be completed without impeding the safe operation of any vehicle ahead or with- out causing the driver of any such vehicle to change his speed or alter his course, except as provided in subsection (5) immediately below.

(5) Vehicle Being Passed. Subject to the provisions of M.G.L. c. 89, § 2, the driver of a vehicle when about to be overtaken and passed by another vehicle approaching from the rear shall give way to the right when practicable in favor of the overtaking vehicle, on suitable and visible signal being given by the driver of the overtaking vehicle, and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

[Note: G.L. c. 89, § 2 as of the date of adoption of this By-law provides as follows:

“Except as herein otherwise provided, the driver of a vehicle passing another vehicle traveling in the same direction shall drive a safe distance to the left of such other vehicle; and, if the way is of sufficient width for the two vehicles to pass, the driver of the leading one shall not unnecessarily obstruct the other. Except when overtaking and passing on the right is permitted; the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on visible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

The driver of a vehicle may, if the roadway is free from obstruction and of sufficient width for two or more lines of moving vehicles, overtake and pass upon the right of another vehicle when the vehicle overtaken is

- (a) making or about to make a left turn,
- (b) upon a one-way street, or
- (c) upon any roadway on which traffic is restricted to one direction of movement.”]

(6) Obstructing Traffic.

(a) No person shall drive in such a manner as to obstruct unnecessarily the normal movement of traffic upon any street or way. Officers are hereby authorized to require any driver who fails to comply with this subsection (6) to drive to the side of the roadway and wait until such traffic as has been delayed has passed.

(b) Subject to the provisions of M.G.L. c. 89, § 11, no driver shall enter an intersection or a marked crosswalk unless there is sufficient space on the other side of the intersection or crosswalk and on the right half of the roadway to accommodate the vehicle s/he is operating without obstructing the passage of other vehicles or pedestrians, notwithstanding any traffic control signal indication to proceed.

[Note: G.L. c. 89, § 11 as of the date of adoption of this By-law provides as follows:

“When traffic control signals are not in place or not in operation the driver of a vehicle shall yield the right of way, slowing down or stopping if need be so to yield, to a pedestrian crossing the roadway within a crosswalk marked in accordance with standards established by the department of highways if

the pedestrian is on that half of the traveled part of the way on which the vehicle is traveling or if the pedestrian approaches from the opposite half of the traveled part of the way to within 10 feet of that half of the traveled part of the way on which said vehicle is traveling.

No driver of a vehicle shall pass any other vehicle which has stopped at a marked crosswalk to permit a pedestrian to cross, nor shall any such operator enter a marked crosswalk while a pedestrian is crossing or until there is a sufficient space beyond the crosswalk to accommodate the vehicle he is operating, notwithstanding that a traffic control signal may indicate that vehicles may proceed.

Whoever violates any provision of this section shall be punished by a fine of not more than \$200.

Whenever a pedestrian is injured by a motor vehicle in a marked crosswalk, the department of state police or the municipal police department with jurisdiction of the street, in consultation with department of state police if deemed appropriate, shall conduct an investigation into the cause of the injury and any violation of this section or other law or ordinance and shall issue the appropriate civil or criminal citation or file an application for the appropriate criminal complaint, if any. This section shall not limit the ability of a district attorney or the attorney general to seek an indictment in connection with the operation of a motor vehicle which causes injury or death and which violates this section.”]

(7) Following Too Closely. The driver of a vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard to the speed of such vehicle and the traffic upon and condition of the way.

Upon ways less than 27 feet wide and upon which vehicular traffic is permitted to operate in both directions, the driver of any slow-moving commercial vehicle when traveling outside of a business or residential district shall not follow another slow-moving commercial vehicle within 200 feet, but this shall not be construed to prevent such slow-moving commercial vehicle from overtaking and passing another slow-moving commercial vehicle. The provisions of this subsection (8) shall not apply to funerals or other lawful processions.

(9) Care in Starting, Stopping, Turning or Backing. The applications and permits required by this bylaw shall not be required for emergency projects necessary for the protection of the health and safety of the public, provided that the work is to be performed by or has been ordered to be performed by an agency of the Commonwealth or a political subdivision thereof; provided that advance notice, oral or written, has been given to the Commission prior to commencement of work or within 24 hours after commencement; provided that the Commission or its agent certifies the work as an emergency project; provided that the work is performed only for the time and place certified by the Commission for the limited purposes necessary to abate the emergency; and provided that within 21 days of commencement of an emergency project a permit application shall be filed with the Commission for review as provided by this bylaw. At the time of an application, the applicant shall pay a filing fee specified in regulations of the Commission. The fee is in addition to that required by the Wetlands Protection Act and regulations.

C. Consultant Review Fees

Pursuant to G.L. Ch. 44 §53G and regulations promulgated by the Commission, the Commission may impose reasonable fees upon applicants for the purpose of securing outside consultants including engineers, wetlands scientists, wildlife biologists or other experts in order to aid in the review of proposed projects. Such funds shall be deposited with the town treasurer, who shall create an account specifically for this purpose. Additional consultant fees may be requested where the requisite review is more expensive than originally calculated or where new information requires additional consultant services.

Only costs relating to consultant work done in connection with a project for which a consultant fee has been collected shall be paid from this account, and expenditures may be made at the sole discretion of the Commission. Any consultant hired under this provision shall be selected by, and report exclusively to, the Commission. The Commission shall provide applicants with written notice of the selection of a consultant, identifying the consultant, the amount of the fee to be charged to the applicant, and a request for payment of that fee. Notice shall be deemed to have been given on the date it is mailed or delivered. The applicant may withdraw the application or request within five (5) business days of the date notice is given without incurring any costs or expenses.

The entire fee must be received before the initiation of consulting services. Failure by the applicant to pay the re- requested consultant fee within ten (10) business days of the request for payment shall be cause for the Commission to declare the application administratively incomplete and deny the permit without prejudice, except in the case of an appeal. The Commission shall inform the applicant and Department of Environmental Protection (DEP) of such a decision in writing.

The applicant may appeal the selection of an outside consultant to the select board, who may disqualify the consultant only on the grounds that the consultant has a conflict of interest or is not properly qualified. The minimum qualifications shall consist of either an educational degree or three or more years of practice in the field at issue, or a related field. The applicant shall make such an appeal in writing and must be received within ten (10) business days of the date that request for consultant fees was made by the Commission. Such appeal shall extend the applicable time limits for action upon the application.

V. Notice and Hearings

Any person filing a permit, Notice of Intent, or other application or RDA or ANRAD or other request with the Conservation Commission at the same time shall give written notice thereof, by certified mail (return receipt requested) or hand delivered, to all abutters at their mailing addresses shown on the most recent applicable tax list of the assessors, including owners of land directly opposite on any public or private street or way, and abutters to the abutters within 300 feet of the property line of the applicant, including any in another municipality or across a body of water. The notice shall state a brief description of the project or other proposal and the date of any Commission hearing or meeting date if known. The notice to abutters also shall include a copy of the application or request, with plans, or shall state where copies may be examined and obtained by abutters. An affidavit of the person providing such notice, with a copy of the notice mailed or delivered, shall be filed with the Commission. When a person requesting a determination is other than the owner, the request, the notice of the hearing and the determination itself shall be sent by the Commission to the owner as well as to the person making the request.

The Commission shall conduct a public hearing on any permit application, NOI, RDA, or ANRAD with written notice given at the expense of the applicant, at least five business days prior to the hearing, in a newspaper of general circulation in the municipality. The Commission shall commence the public hearing within 21 days from receipt of a completed permit application, NOI, RDA, or ANRAD unless an extension is authorized in writing by the applicant.

The Commission shall have authority to continue the hearing to a specific date announced at the hearing, for reasons stated at the hearing, which may include the need for additional information from the applicant or others as deemed necessary by the Commission in its discretion, based on comments and recommendations of the boards and officials listed in §VI.

The Commission shall issue its permit, other order or determination in writing within 21 days of the close of the public hearing thereon unless an extension is authorized in writing by the applicant. The Commission in an appropriate case may combine its hearing under this bylaw with the hearing conducted under the Wetlands Protection Act (G.L. Ch.131 §40) and regulations (310 CMR 10.00).

VI. Coordination with Other Boards

Any person filing a permit application, RDA, or ANRAD with the Conservation Commission shall provide a copy thereof at the same time, by certified mail (return receipt requested) or hand delivery, to the select board, planning board, board of appeals, board of health, agricultural commission, town engineer, and building inspector. A copy shall be provided in the same manner to the Commission of the adjoining municipality, if the application or RDA pertains to property within 300 feet of that municipality. An affidavit of the person providing notice, with a copy of the notice mailed or delivered, shall be filed with the Commission. The Commission shall not take final action until the above boards and officials have had 14 days from receipt of notice to file written comments and recommendations with the

Commission, which the Commission shall take into account, but which shall not be binding on the Commission. The applicant shall have the right to receive any comments and recommendations, and to respond to them at a hearing of the Commission, prior to final action.

VII. Permits and Conditions

If the Conservation Commission, after a public hearing, determines that the activities which are subject to the permit application, or the land and water uses which will result there from, are likely to have a significant individual or cumulative effect on the resource area values protected by this bylaw, the Commission, within 21 days of the close of the hearing, shall issue or deny a permit for the activities requested. The Commission shall take into account the extent to which the applicant has avoided, minimized and mitigated any such effect. The Commission also shall take into account any loss, degradation, isolation, and replacement or replication of such protected resource areas elsewhere in the community and the watershed, resulting from past activities, whether permitted, unpermitted or exempt, and foreseeable future activities.

If it issues a permit, the Commission shall impose conditions which the Commission deems necessary or desirable to protect said resource area values, and all activities shall be conducted in accordance with those conditions. Where no conditions are adequate to protect said resource area values, the Commission is empowered to deny a permit for failure to meet the requirements of this bylaw. It may also deny a permit: for failure to submit necessary information and plans requested by the Commission; for failure to comply with the procedures, design specifications, performance standards, and other requirements in regulations of the Commission; or for failure to avoid, minimize or mitigate unacceptable significant or cumulative effects upon the resource area values protected by this bylaw. Due consideration shall be given to any demonstrated hardship on the applicant by reason of denial, as presented at the public hearing. The Commission may waive specifically identified and requested procedures, design specifications, performance standards, or other requirements set forth in its regulations, provided that: the Commission finds in writing after said public hearing that there are no reasonable conditions or alternatives that would allow the proposed activity to proceed in compliance with said regulations; that avoidance, minimization and mitigation have been employed to the maximum extent feasible; and that the waiver is necessary to accommodate an overriding public interest or to avoid a decision that so restricts the use of the property as to constitute an unconstitutional taking without compensation.

In reviewing activities within the buffer zone, the Commission shall presume the buffer zone is important to the protection of other resource areas because activities undertaken in close proximity have a high likelihood of adverse impact, either immediately, as a consequence of construction, or over time, as a consequence of daily operation or existence of the activities. These adverse impacts from construction and use can include, without limitation, erosion, siltation, loss of groundwater recharge, poor water quality, and loss of wildlife habitat. The Commission may establish, in its regulations, design specifications, performance standards, and other measures and safeguards, including setbacks, no-disturb areas, no-build areas, and other work limits for protection of such lands, including without limitation strips of continuous, undisturbed vegetative cover, unless the applicant convinces the

Commission that the area or part of it may be disturbed without harm to the values protected by the bylaw.

In reviewing activities within the riverfront area, the Commission shall presume the riverfront area is important to all the resource area values unless demonstrated otherwise, and no permit issued hereunder shall permit any activities unless the applicant, in addition to meeting the otherwise applicable requirements of this bylaw, has proved by a preponderance of the evidence that (1) there is no practicable alternative to the proposed project with less adverse effects, and that (2) such activities, including proposed mitigation measures, will have no significant adverse impact on the areas or values protected by this bylaw. The Commission shall regard as practicable an alternative which is reasonably available and capable of being done after taking into consideration the proposed property use, overall project purpose (e.g., residential, institutional, commercial, or industrial), logistics, existing technology, costs of the alternatives, and overall project costs.

To prevent resource area loss, the Commission shall require applicants to avoid alteration wherever feasible; to minimize alteration; and, where alteration is unavoidable and has been minimized, to provide full mitigation. The Commission may authorize or require replication of wetlands as a form of mitigation, but only with specific plans, professional design, proper safeguards, adequate security, and professional monitoring and reporting to assure success, because of the high likelihood of failure of replication.

The Commission may require a wildlife habitat study of the project area, to be paid for by the applicant, whenever it deems appropriate, regardless the type of resource area or the amount or type of alteration proposed. The decision shall be based upon the Commission's estimation of the importance of the habitat area considering (but not limited to) such factors as proximity to other areas suitable for wildlife, importance of wildlife "corridors" in the area, or actual or possible presence of rare plant or animal species in the area. The work shall be performed by an individual who at least meets the qualifications set out in the wildlife habitat section of the Wetlands Protection Act regulations (310 CMR 10.60).

The Commission shall presume that all areas meeting the definition of "vernal pools" under §IX of this bylaw, including the adjacent area, perform essential habitat functions. This presumption may be overcome only by the presentation of credible evidence which, in the judgment of the Commission, demonstrates that the basin or depression does not provide essential habitat functions. Any formal evaluation should be performed by an individual who at least meets the qualifications under the wildlife habitat section of the Wetlands Protection Act regulations.

A permit, Order of Conditions, Determination of Applicability (DOA), or Order of Resource Area Delineation (ORAD) shall expire three years from the date of issuance. Notwithstanding the above, the Commission in its discretion may issue a permit expiring five years from the date of issuance for recurring or continuous maintenance work, provided that annual notification of time and location of

work is given to the Commission. Any permit may be renewed once for an additional one-year period, provided that a request for a renewal is received in writing by the Commission prior to expiration. Notwithstanding the above, a permit may identify requirements which shall be enforceable for a stated number of years, indefinitely, or until permanent protection is in place, and shall apply to all present and future owners of the land.

For good cause the Commission may revoke any permit, Order of Conditions, DOA, or ORAD or any other order, determination or other decision issued under this bylaw after notice to the holder, the public, abutters, and town boards, pursuant to §V and §VI, and after a public hearing.

Amendments to permits, Order of Conditions, DOAs, or ORADs shall be handled in the manner set out in the Wetlands Protection Act regulations and policies there under.

The Commission in an appropriate case may combine the decision issued under this bylaw with the permit, DOA, ORAD, or Certificate of Compliance (COC) issued under the Wetlands Protection Act and regulations.

No work proposed in any application shall be undertaken until the permit, or ORAD issued by the Commission with respect to such work has been recorded in the registry of deeds or, if the land affected is registered land, in the registry section of the land court for the district wherein the land lies, and until the holder of the permit certifies in writing to the Commission that the document has been recorded. If the applicant fails to perform such recording, the Commission may record the documents itself and require the Applicant to furnish the recording fee therefore, either at the time of recording or as a condition precedent to the issuance of a COC.

VIII. Regulations

After public notice and public hearing, the Conservation Commission shall promulgate rules and regulations to

effectuate the purposes of this bylaw, effective when voted and filed with the town clerk. Failure by the Commission to promulgate such rules and regulations or a legal declaration of their invalidity by a court of law shall not act to suspend or invalidate the effect of this bylaw. At a minimum, these regulations shall reiterate the terms defined in this bylaw, define additional terms not inconsistent with the bylaw, and impose filing and consultant fees.

IX. Definitions

The following definitions shall apply in the interpretation and implementation of this bylaw.

The term “**agriculture**” shall refer to the definition as provided by G.L. Ch. 128 §1A.

The term “**alter**” shall include, without limitation, the following activities when undertaken to, upon, within or affecting resource areas protected by this bylaw:

- A. **Removal**, excavation, or dredging of soil, sand, gravel, or aggregate materials of any kind
- B. **Changing** of preexisting drainage characteristics, flushing characteristics, salinity distribution, sedimentation patterns, flow patterns, or flood retention characteristics
- C. **Drainage**, or other disturbance of water level or water table
- D. **Dumping**, discharging, or filling with any material which may degrade water quality
- E. **Placing of fill**, or removal of material, which would alter elevation
- F. **Driving of piles**, erection, expansion or repair of buildings, or structures of any kind
- G. **Placing of obstructions** or objects in water
- H. **Destruction of plant life** including cutting or trimming of trees and shrubs
- I. **Changing temperature**, biochemical oxygen demand, or other physical, biological, or chemical characteristics of any waters
- J. **Any activities**, changes, or work which may cause or tend to contribute to pollution of any body of water or groundwater
- K. **Incremental activities** which have, or may have, a cumulative adverse impact on the resource areas protected by this bylaw.

The term “**bank**” shall include the land area which normally abuts and confines a water body; the lower boundary being the mean annual low flow level, and the upper boundary being the first observable break in the slope or the mean annual flood level, whichever is higher.

The term “**person**” shall include any individual, group of individuals, association, partnership, corporation, company, business organization, trust, estate, the Commonwealth or political subdivision thereof to the extent subject to town bylaws, administrative agency, public or quasi-public corporation or body, this municipality, and any other legal entity, its legal representatives, agents, or assigns.

The term “**pond**” shall follow the definition of 310 CMR 10.04 except that the size threshold of 10,000 square feet shall not apply.

The term “**rare**” species” shall include, without limitation, all vertebrate and invertebrate animals and all plant species listed as endangered, threatened, or of special concern by the Massachusetts Division of Fisheries and Wildlife, regardless whether the site in which they occur has been previously identified by the Division.

The term “**vernal pool**” shall include, in addition to scientific definitions found in the regulations under the Wetlands Protection Act, any confined basin or depression not occurring in existing lawns, gardens, landscaped areas or driveways which, at least in most years, holds water for a minimum of two continuous months during the spring and/or summer, contains at least 200 cubic feet of water at some time during most years, is free of adult predatory fish populations, and provides essential breeding and rearing habitat functions for amphibian, reptile or other vernal pool community species, regardless of whether the site has been certified by the Massachusetts Division of Fisheries and Wildlife. The

boundary of the resource area for vernal pools shall be 100 feet outward from the mean annual high-water line defining the depression.

Except as otherwise provided in this bylaw or in associated regulations of the Conservation Commission, the

definitions of terms and the procedures in this bylaw shall be as set forth in the Wetlands Protection Act (G.L. Ch. 131 §40) and regulations (310 CMR 10.00).

X. Security

As part of a permit issued under this bylaw, in addition to any security required by any other municipal or state board, agency, or official, the Conservation Commission may require that the performance and observance of the conditions imposed there under (including conditions requiring mitigation work) be secured wholly or in part by one or both of the methods described below:

A. By a proper bond, deposit of money or negotiable securities under a written third-party escrow arrangement, or other undertaking of financial responsibility sufficient in the opinion of the Commission, to be released in whole or in part upon issuance of a COC for work performed pursuant to the permit.

B. By accepting a conservation restriction, easement, or other covenant enforceable in a court of law, executed and duly recorded by the owner of record, running with the land to the benefit of this municipality whereby the permit conditions shall be performed and observed before any lot may be conveyed other than by mortgage deed. This method shall be used only with the consent of the applicant.

XI. Enforcement

No person shall remove, fill, dredge, build upon, degrade, or otherwise alter resource areas protected by this bylaw, or cause, suffer, or allow such activity, or leave in place unauthorized fill, or otherwise fail to restore illegally altered land to its original condition, or fail to comply with a permit or an enforcement order issued pursuant to this bylaw. The Conservation Commission, its agents, officers, and employees shall have authority to enter upon privately owned land for the purpose of performing their duties under this bylaw and may make or cause to be made such examinations, surveys, or sampling as the Commission deems necessary, subject to the constitutions and laws of the United States and the Commonwealth.

The Commission shall have authority to enforce this bylaw, its regulations, and permits issued thereunder by letters, phone calls, electronic communication and other informal methods, violation notices, non-criminal citations under G.L. Ch. 40 §21D, and civil and criminal court actions. Any person who violates provisions of this bylaw may be ordered to restore the property to its original condition and take other action deemed necessary to remedy such violations, or may be fined, or both.

Upon request of the Commission, the select board and town counsel shall take legal action for enforcement under civil law. Upon request of the Commission, the chief of police shall take legal action for enforcement under criminal law.

Municipal boards and officers, including any police officer or other officer having police powers, shall have authority to assist the Commission in enforcement.

Any person who violates any provision of this bylaw, or regulations, permits, or administrative orders issued there- under, shall be punished by a fine of not more than \$300. Each day or portion thereof during which a violation continues, or unauthorized fill or other alteration remains in place, shall constitute a separate offense, and each provision of the bylaw, regulations, permits, or administrative orders violated shall constitute a separate offense.

As an alternative to criminal prosecution in a specific case, the Commission may issue citations with specific penal- ties pursuant to the non-criminal disposition procedure set forth in G.L. Ch. 40 §21D, which has been adopted by the Town in § 6.1 of the general bylaws.

XII. Burden of Proof

The applicant for a permit shall have the burden of proving by a preponderance of the credible evidence that the work proposed in the permit application will not have unacceptable significant or cumulative effect upon the re- source area values protected by this bylaw. Failure to provide adequate evidence to the Conservation Commission supporting this burden shall be sufficient cause for the Commission to deny a permit or grant a permit with Conditions.

XIII. Appeals

A decision of the Conservation Commission shall be reviewable in the superior court in accordance with G.L. Ch.249 §4

XIV. Relation to the Wetlands Protection Act

This bylaw is adopted under the Home Rule Amendment of the Massachusetts Constitution and the Home Rule statutes, independent of the Wetlands Protection Act (G.L. Ch. 131 §40) and regulations (310 CMR 10.00) there under. It is the intention of this bylaw that the purposes, jurisdiction, authority, exemptions, regulations, specifications, standards, and other requirements shall be interpreted and administered as stricter than those under the Wet- lands Protection Act and regulations.

XV. Severability

The invalidity of any section or provision of this bylaw shall not invalidate any other section or provision thereof, nor shall it invalidate any permit, approval or determination which previously has been issued.

CHAPTER 15: STORMWATER BYLAW

(New bylaws accepted @ ATM May 5, 08)

1.0 PURPOSE

The purpose of this Bylaw is to protect the public health, safety, and welfare by establishing requirements to better manage stormwater runoff from new development and redevelopment. This Bylaw seeks to meet that purpose through the following objectives:

- 1.** Establish stormwater management standards and design criteria that will prevent or reduce sedimentation, flooding, stream erosion, pollution, property damage, harm to aquatic life, and overloading or clogging of municipal drain- age systems.
- 2.** Encourage the use of “low-impact development practices”, such as reducing the amount of impervious area and preserving existing vegetation.
- 3.** Ensure that stormwater management practices will be well-maintained and will continue to function as intended.
- 4.** Establish procedures for issuance of stormwater management permits and for the Town’s inspection of approved stormwater treatment practices.

2.0 DEFINITIONS

Definitions in Appendix A of this Bylaw shall apply in the interpretation and implementation of the Bylaw. Terms not defined in this Appendix shall be understood according to their customary and usual meaning.

3.0 ADMINISTRATION

A) The Planning Board shall administer, implement and enforce this Bylaw. Any powers granted to or duties imposed on the Planning Board may be delegated in writing by the Planning Board to its employees or agents, as de- fined in the regulations adopted for this Bylaw.

B) Regulations. The Planning Board may adopt and amend rules and regulations for administration of this Bylaw by majority vote of the Planning Board, after conducting a public hearing to receive comments. Such hearing dates shall be advertised in a newspaper of general local circulation, at least fourteen (14) days prior to the hearing date.

C) Stormwater Management Manual. The Planning Board will use specifications and standards that are consistent with the Massachusetts Stormwater Management Policy. This Policy provides criteria for stormwater treatment practices, which are based on engineering, science, monitoring, and maintenance experience. Stormwater treatment practices that are designed, constructed and maintained in accord with these design and sizing criteria will be presumed to be protective of Massachusetts water quality standards.

D) Actions by the Planning Board. The Planning Board may take any of the following actions after reviewing an application for a Stormwater Management Permit - Approval, Approval with Conditions, Disapproval, or Withdrawal without Prejudice.

E) Appeals. A decision of the Planning Board shall be final. Further relief of a decision by the Planning Board made under this Bylaw shall be reviewable in the Superior Court in an action filed within sixty (60) days thereof, in accordance with M.G.L. Ch. 249 § 4.

F) Low Impact Design. The Planning Board may adopt criteria for practices that will qualify as low impact designs, as part of the Regulations authorized by this Bylaw. These criteria will allow applicants the option to use low-impact practices to improve the amount and quality of stormwater runoff.

4.0 APPLICABILITY

A. This Bylaw shall apply to proposed new development including but not limited to residential subdivisions, site plan applications, commercial uses, municipal uses and multi-family dwellings.

This Bylaw shall also apply to other activities that will increase the amount of stormwater runoff or pollutants from a parcel of land or that will alter the drainage characteristics of a parcel of land, unless the activity is listed as an exemption under Section 4.D of this Bylaw.

All new development and redevelopment under the jurisdiction of this Bylaw shall be required to obtain a Stormwater Management Permit from the Planning Board.

B. Redevelopment projects will fulfill the Bylaw requirements if the amount and quality of stormwater is improved from existing conditions. Where site conditions prevent reduction in impervious area, stormwater treatment shall improve runoff, as determined by the Planning Board.

C. The redevelopment or conversion of land to an automotive salvage yard, fueling facility, storage yard or commercial parking lot, or storage area for road salt or hazardous substances, or other land use with greater potential for pollution, as defined by the Massachusetts Stormwater Policy or the Bylaw regulations, shall require a Stormwater Management Permit.

D. Exemptions. No person shall alter land within the Town of Leicester without having obtained a Stormwater Management Permit for the property with the following exceptions:

- 1.** Any activity that will affect an area less than 10,000 square feet, or less than 2,500 square feet if the activity is within the Water Resources Protection Overlay.
- 2.** Normal maintenance and improvement of land in agricultural use.
- 3.** Timber harvesting under an approved Forest Cutting Plan as defined by the Forest Cutting Practices Act regulation 304 CMR 11.00 and MGL Chapter 132 Sections 40 through 46, and the Town of Leicester Forest Cutting By-law.
- 4.** Construction of a single-family dwelling, where “approval is not required” (ANR), as defined in the Subdivision Control Act. Persons constructing a single-family dwelling are encouraged to use stormwater practices and site planning methods to be described in the Town of Leicester Best Development Practices Guidebook.
- 5.** Maintenance of landscaping, gardens or lawn areas associated with residential uses.
- 6.** Construction of a house addition, garage, deck, patio, retaining wall, shed, swimming pool, tennis or basketball court associated with residential uses.
- 7.** Repair or replacement of a roof of an existing building.
- 8.** Repair or replacement of an existing septic system.

9. The construction of any fence that will not alter existing terrain or drainage patterns.
10. Construction of utilities (gas, water, electric, telephone, etc.) other than drainage, which will not alter terrain, ground cover, or drainage patterns.
11. Emergency repairs to any stormwater management practice that poses a threat to public health or safety, or as deemed necessary by the Planning Board.
12. Any work or projects for which all necessary approvals and permits have been issued before the effective date of this Bylaw.

5.0 STORMWATER MANAGEMENT PERMITS

The Permit Application shall be filed with the Planning Board, and copies shall be provided to other Town Boards, as defined in the regulations adopted for this Bylaw. The permit application shall include information that describes stormwater management practices, including sediment and erosion controls, which will be installed and maintained. Specifications for the application form and the stormwater management information shall be part of the rules and regulations adopted under Section 3 of this Bylaw.

Nothing in this Bylaw is intended to replace the requirements of the Town of Leicester Flood Plain District, Water Resources Protection Overlay District, Wetland Bylaw, or any other Bylaw that may be adopted by the Town of Leicester. Any activity subject to the provisions of the above-cited Bylaws must comply with the specifications of each. A driveway permit from the Highway Superintendent is also required for the construction of any dwelling, as provided in Section 6.2A of the Town of Leicester Zoning Bylaw.

The Stormwater Management Permits will not go into effect until the regulations are adopted by the Planning Board, as provided in Section 3.0 B of this Bylaw.

6.0 ENFORCEMENT

The Planning Board or its authorized agent shall enforce this Bylaw and may pursue all civil and criminal remedies for violations. Enforcement shall be further defined as part of the rules and regulations adopted under Section 3 of this Bylaw.

7.0 AUTHORITY

This Bylaw is adopted under the authority granted by the Home Rule Amendment of the Massachusetts Constitution, and pursuant to the regulations of the federal Clean Water Act, and as authorized by the residents of Leicester at Town Meeting, dated May 5, 2008.

8.0 SEVERABILITY

The invalidity of any section, provision, paragraph, sentence, or clause of this Bylaw shall not invalidate any section, provision, paragraph, sentence, or clause thereof, nor shall it invalidate any permit or determination that previously has been issued.

APPENDIX A DEFINITIONS

ALTER:

Any activity, which will measurably change the ability of a ground surface area to absorb water or will change existing surface drainage patterns.

STORMWATER MANAGEMENT PRACTICES:

Structures and techniques that prevent flooding, reduce pollution, and protect local rivers, streams, lakes and water supplies.

BETTER SITE DESIGN:

Site design techniques that can reduce environmental impacts, such as protecting existing vegetation, reducing impervious areas, and using natural drainage ways for stormwater management.

IMPERVIOUS AREA:

A material or a structure that prevents water from entering the underlying soil, such as paved parking lots, paved roads, sidewalks, and buildings.

MASSACHUSETTS STORMWATER MANAGEMENT POLICY:

The Policy issued by the state Department of Environmental Protection, which provides performance standards to prevent water pollution and control the amount of runoff from new development.

PERSON:

Any individual, group of individuals, association, partnership, corporation, company, trust, estate, a political subdivision of the Commonwealth or the federal government, to the extent subject to the Bylaws of the Town of Leicester.

PRE-DEVELOPMENT:

The conditions that exist at the time that plans for the land development of a tract of land are submitted to the Planning Board. Where phased development or plan approval occurs (preliminary grading, roads and utilities, etc.), the existing conditions at the time prior to the first plan submission shall establish pre- development conditions.

POST-DEVELOPMENT:

The conditions that reasonably may be expected after completion of the land development activity on a specific site or tract of land. Post-development does not refer to the construction phase of a project.

REDEVELOPMENT:

Any construction, alteration, or improvement exceeding land disturbance of 10,000 square feet, where the existing land use is commercial, or institutional.

PLANNING BOARD:

The Town of Leicester Planning Board OR its authorized agent(s). The Planning Board is responsible for coordinating the review, approval and permit process as defined in this Bylaw. Other Boards and/or departments will participate in the permit process as defined in the rules and regulations adopted by the Planning Board.

STORMWATER MANAGEMENT PERMIT (SMP):

A permit issued by the Planning Board, which protects the streams, lakes and water supplies in the Town from the adverse effects of uncontrolled and untreated stormwater runoff.

LOW IMPACT DESIGN:

Low impact practices allow for the reduction of impervious areas that result in smaller volumes required for stormwater storage. These site design techniques can reduce the size and costs of stormwater collection systems and detention basins.

CHAPTER 16: Bylaw Governing Illicit Discharges to the Municipal Storm Drain System (ATM 5-6-14)

SECTION 1: PURPOSE

The purpose of this bylaw is to provide for the health, safety, and general welfare of the citizens of the Town of Leicester through the regulation of non-storm water discharges to the storm drainage system to the maximum extent practicable as required by federal and state law. The bylaw establishes methods for controlling the introduction of pollutants into the municipal separate storm sewer system (MS4) in order to comply with requirements of the National Pollutant Discharge Elimination System (NPDES) permit process. The objectives of this bylaw are:

1. To prevent pollutants from entering Leicester's municipal separate storm sewer system.
2. To prohibit illicit connections and unauthorized discharges to the MS4.
3. To require the removal of all such illicit discharges.
4. To comply with state and federal regulations relating to storm water discharges; and

Illegal Discharge: Any direct or indirect non-storm water discharge to the storm drain system, except as exempted in Section 5 of this bylaw.

Illicit Connections: An illicit connection is defined as either of the following: Any drain or conveyance, whether on the surface or subsurface, which allows an illegal discharge to enter the storm drain system including but not limited to any conveyances which allow any non-storm water discharge including sewage, process wastewater, and waste water to enter the storm drain system and any connections to the storm drain system from indoor drains and sinks, regardless of whether said drain or connection had been previously allowed, permitted, or approved by an authorized enforcement agency or, any drain or conveyance connected from a commercial or industrial land use to the storm drain system which has not been documented in plans, maps, or equivalent records and approved by an authorized enforcement agency.

Industrial Activity: Activities subject to NPDES Industrial Permits as defined in 40 CFR. Section 122.26 (b)(14).

National Pollutant Discharge Elimination System (NPDES) Storm Water Discharge Permit: A permit issued by EPA that authorizes the discharge of pollutants to waters of the United States, whether the permit is applicable on an individual, group, or general area-wide basis.

1. Elimination of illicit connections or discharges to the MS4;

CHAPTER 18: DEMOLITION OF HISTORIC STRUCTURES

(New Bylaw 5-2-05)

TITLE OF BYLAW

The Preservation of Historically Significant Buildings

INTENT AND PURPOSE

This by-law is enacted for the purpose of preserving and protecting significant buildings within the Town which constitute or reflect distinctive features of the architectural, cultural, economic, political or social history of the town and to limit the detrimental effect of demolition on the character of the town.

Through this bylaw, owners of preferably preserved buildings are encouraged to seek out alternative options that will preserve, rehabilitate or restore such buildings and residents of the town are alerted to impending demolitions of significant buildings. By preserving and protecting significant buildings, streetscapes and neighborhoods, this bylaw promotes the public welfare by making the town a more attractive and desirable place in which to live and work. To achieve these purposes the Historical Commission is authorized to advise the Building Inspector with respect to demolition permit applications. The issuance of demolition permits is regulated as provided by this by-law.

DEFINITIONS

APPLICANT

Any person or entity who files an application for a demolition permit. If the applicant is not the owner of the premises upon which the building is situated, the owner must indicate on or with the application his/her assent to the filing of the application.

APPLICATION

An application for the demolition of a building.

BUILDING

Any combination of materials forming a shelter for persons, animals, or property.

BUILDING COMMISSIONER

The person occupying the office of Building Commissioner or otherwise authorized to issue demolition permits.

DEMOLITION

Any act of pulling down, destroying, removing, dismantling, or razing a building or commencing the work of total or substantial destruction with the intent of completing the same.

DEMOLITION PERMIT

PREFERABLY PRESERVED

Any significant building which the Commission determines, following a public hearing, that it is in the public interest to be preserved rather than demolished. A preferably preserved building is subject to the six-month demolition delay period of this bylaw.

SIGNIFICANT BUILDING

Any building within the town (city) which is in whole or in part one hundred years or more old and which has been determined by the Commission or its designee to be significant based on any of the following criteria:

- The Building is listed on, or is within an area listed on, the National Register of Historic Places; or
- The Building has been found eligible for the National Register of Historic Places; or
- The Building is importantly associated with one or more historic persons or events, or with the broad architectural, cultural, political, economic, or social history of the Town or the Commonwealth; or
- The Building is historically or architecturally important (in terms of period, style, method of building construction or association with a recognized architect or builder) either by itself or in the context of a group of buildings.

PROCEDURE

No demolition permit for a building which is in whole or in part one hundred years or more old shall be issued without following the provisions of this bylaw. If a building is of unknown age, it shall be assumed that the building is over one hundred years old for the purposes of this bylaw.

- An applicant proposing to demolish a building subject to this bylaw shall file with the Building Commissioner an application containing the following information:
- The address of the building to be demolished.
- The owner's name, address, and telephone number. A description of the building.
- The reason for requesting a demolition permit.
- A brief description of the proposed reuse, reconstruction, or replacement. A photograph or photograph(s) of the building.
- The Building Commissioner shall within seven days forward a copy of the application to the Commission. The Commission shall within fifteen days after receipt of the application, make a written determination of whether the building is significant.
- Upon determination by the Commission that the building is not significant, the Commission shall so notify the Building Commissioner and applicant in writing. The Building Commissioner may then issue the demolition permit. Upon determination by the Commission that the building is significant, the Commission shall so notify the Building Commissioner and the applicant in writing. No demolition permit may be issued at this time. If the Commission does not notify the Building Commissioner within fifteen days of receipt of the application, the Building Commissioner may proceed to issue the demolition permit.

- If the Commission finds that the building is significant, it shall hold a public hearing within thirty days of the written notification to the Building Commissioner. Public notice of the time, place and purpose of the hearing shall be posted in a conspicuous place in town hall for a period of not less than seven days prior to the date of said hearing and the applicant and the building inspector shall be notified in writing of the meeting time and place.
- The Commission shall decide at the public hearing or within fourteen days after the public hearing whether the building should be preferably preserved. If agreed to in writing by the applicant, the determination of the Commission may be postponed.
- If the Commission determines that the building is not preferably preserved, the Commission shall so notify the Building Commissioner and applicant in writing. The Building Commissioner may then issue the demolition permit.
-
- If the Commission determines that the building is preferably preserved, the Commission shall notify the Building Commissioner and applicant in writing. No demolition permit may then be issued for a period of six months from the date of the determination unless otherwise agreed to by the Commission. If the Commission does not so notify the Building Commissioner in writing within twenty-one days of the public hearing, the Building Commissioner may issue the demolition permit.
- Upon a determination by the Commission that any building which is the subject of an application is a preferably pre- served building, no building permit for new construction or alterations on the premises shall be issued for a period of six months from the date of the determination unless otherwise agreed to by the Commission.
- No permit for demolition of a building determined to be a preferably preserved building shall be granted until all plans for future use and development of the site have been filed with the Building Commissioner and have found to comply with all laws pertaining to the issuance of a building permit or if for a parking lot, a certificate of occupancy for that site. All approvals necessary for the issuance of such building permit or certificate of occupancy including without limitation any necessary zoning variances or special permits, must be granted and all appeals from the granting of such approvals must be concluded, prior to the issuance of a demolition permit under this section.
- The Building Commissioner may issue a demolition permit or a building permit for a preferably preserved building within the six months if the Commission notifies the Building Commissioner in writing that the Commission finds that the intent and purpose of this bylaw is served even with the issuance of the demolition permit or the building permit. Following the six-month delay period, the Building Commissioner may issue the demolition permit.

ADMINISTRATION

The Commission may adopt such rules and regulations as are necessary to administer the terms of this bylaw.

The Commission is authorized to adopt a schedule of reasonable fees to cover the costs associated with the ad- ministration of this bylaw.

The Commission may delegate authority to make initial determinations of significance to one or more members of the Commission or to a municipal employee.

The Commission may pro-actively develop a list of significant buildings that will be subject to this bylaw. Buildings proposed for the significant building list shall be added following a public hearing.

EMERGENCY DEMOLITION

If after an inspection, the Building Commissioner finds that a building subject to this bylaw is found to pose an immediate threat to public health or safety due to its deteriorated condition and that there is no reasonable alternative to the immediate demolition of the building or structure, then the Building Commissioner may issue an emergency demolition permit to the owner of the building or structure. The Building Commissioner shall then prepare a report explaining the condition of the building and the basis for his decision which shall be forwarded to the Commission.

ENFORCEMENT AND REMEDIES

The Commission and/or the Building Commissioner are each specifically authorized to institute any and all actions and proceedings, in law or equity, as they may deem necessary and appropriate to obtain compliance with the requirements of this by-law or to prevent a threatened violation thereof.

Any owner of a building subject to this bylaw that demolished the building without first obtaining a demolition permit in accordance with the provisions of this bylaw shall be subject to a fine of not more than Three Hundred Dollars. Each day the violation exists shall constitute a separate offense until a faithful restoration of the demolished building is completed or unless otherwise agreed to by the Commission.

If a building subject to this bylaw is demolished without first obtaining a demolition permit, no building permit for new structures shall be issued for a period of two years from the date of the demolition on the subject parcel of land or any adjoining parcels of land under common ownership and control unless the building permit is for the faithful restoration referred to above or unless otherwise agreed to by the Commission, or where the Commission determines the demolition occurred due to an event beyond the control of the owner.

HISTORIC DISTRICT ACT

Following a determination that the building is significant and preferably preserved, the Commission may recommend to town meeting that the building be protected through the provisions of Massachusetts General Law, Chapter 40C, the Historic Districts Act. The steps required under M.G.L. Chapter 40C shall be followed prior to the establishment of a local historic district. Nothing in this by-law shall be deemed to conflict with the provisions of the Historic District Act, Massachusetts General Laws Chapter 40C. If any of the provisions of this by-law do so conflict, that act shall prevail.

SEVERABILITY

In case any section, paragraph or part of this by-law be for any reason declared invalid or unconstitutional by any court, every other section, paragraph, and part shall continue in full force and effect.

CHAPTER 19: Right to Farm Bylaw (ATM 5-4-10)

Section 1. Legislative Purpose and Intent

The purpose and intent of this Bylaw is to state with emphasis the Right-to-Farm accorded to all citizens of the Commonwealth under Article 97 of the Constitution, and all state statutes and regulations thereunder, including but not limited to Massachusetts General Laws Chapter 40A, Section 3, Paragraph 1; Chapter 90, Section 9; Chapter 111, Section 125A; and Chapter 128, Section 1A. We the citizens of Leicester restate and republish these rights pursuant to the Town's authority conferred by Article 89 of the Articles of Amendment of the Massachusetts Constitution ("Home Rule Amendment").

This General Bylaw encourages the pursuit of agriculture, promotes agriculture-based economic opportunities, and protects farmlands within the Town of Leicester by allowing agricultural uses and related activities to function with minimal conflict with abutters and local agencies.

This Bylaw shall apply to all jurisdictional areas within the Town.

Section 2. Definitions

The word "farm" shall include any parcel or contiguous parcels of land, or water bodies used for the primary purpose of agriculture, or accessory thereto.

The words "**farming**" or "**agriculture**" or their derivatives shall include, but not be limited to the following:

- Farming in all its branches and the cultivation and tillage of the soil.
- Dairying.

- Keeping and raising of poultry, swine, cattle, sheep, goats, ratites (such as emus, ostriches and rheas) and camelids (such as llamas and camels), and other domesticated animals for food and other agricultural purposes, including bees and fur-bearing animals.

- Operation and transportation of slow-moving farm equipment over roads within the Town;
- Control of pests, including, but not limited to, insects, weeds, predators and disease organisms of plants and animals;
- Application of manure, fertilizers and pesticides;

- Conducting agriculture-related educational and farm-based recreational activities, including Agri-tourism, provided that the activities are related to marketing the agricultural output or services of the farm;

- Maintenance, repair, or storage of seasonal equipment, or apparatus owned or leased by the farm owner or manager used expressly for the purpose of propagation, processing, management, or sale of the agricultural products; and

Section 3. Right to Farm Declaration

The Right-to-Farm is hereby recognized to exist with the Town of Leicester. The above-described agricultural activities may occur on holidays, weekdays, and weekends by night or day and shall include the attendant incidental noise, odors, dust and fumes associated with normally accepted agricultural practices. It is hereby determined that whatever impact may be caused to others through the normal practice of agriculture is more than offset by the benefits of farming to the neighborhood, community, and society in general. The benefits and protections of this Bylaw are intended to apply exclusively to those agricultural and farming operations and activities conducted in accordance with generally accepted agricultural practices. Moreover, nothing in this Right-to-Farm Bylaw shall be deemed as acquiring any interest in land or as imposing any land use regulation, which is properly the subject of state statute, regulation, or local zoning law.

Section 4. Precedence

In the event of conflict between this Bylaw and all other town regulations, this Bylaw shall take precedence. In the event of conflict between this Bylaw and federal or state law, federal or state law shall take precedence respectively.

Section 5. Disclosure Notification

"It is the policy of this community to conserve, protect and encourage the maintenance and improvement of agricultural land for the production of food, and other agricultural products, and also for its natural and ecological value. This disclosure notification is to inform buyers or occupants that the property they are about to acquire or occupy lies within a town where farming activities occur. Such farming activities may include, but are not limited to, activities that cause noise, dust and odors. Buyers or occupants are also informed that the buyer's property within the Town may be impacted by commercial agricultural operations including the ability to access water services for such property under certain circumstances."

Section 6. Resolution of Disputes

Dispute resolution will be the responsibility of the Select Board, or its designee(s), until at which time an Agricultural Commission is formed by the Town and empowered to resolve disputes arising from this by-law.

Section 7. Severability Clause

If any part of this Bylaw is for any reason held to be unconstitutional or invalid, such decision shall not affect the remainder of this Bylaw. The Town of Leicester hereby declares the provisions of this Bylaw to be severable.

- On-farm relocation of earth and the clearing of ground for farming operations.

CHAPTER 20: SEX OFFENDER RESIDENCY BYLAW

This bylaw has been conditionally approved by the Attorney General's office and may be the subject of a repeal vote at a future Town Meeting. Additionally, current judicial opinion has vacated similar type bylaws in the Commonwealth and Town Counsel advises against enforcement actions taken pursuant to this bylaw.

PREAMBLE, FINDINGS, INTENT

- A. It is the intent of this by-law to serve and protect the Town's compelling interest to promote, protect, and improve the health, safety, and welfare of the citizens of the Town by creating areas around locations where children, the elderly, and the mentally impaired regularly congregate in concentrated numbers wherein certain registered sex offenders are prohibited from loitering and establishing temporary or permanent residence.
- B. After careful consideration, the Town finds that this by-law is the most narrowly tailored means of limiting, to the fullest extent possible, the opportunity for registered sex offenders to approach or otherwise come in contact with children, the elderly, and the mentally impaired in places where children and the elderly would naturally congregate, and that the protection of the health and safety of our children, the elderly, and the mentally impaired is a compelling governmental interest.
- C. By the enactment of this or any other by-law, the Town understands that it cannot remove the threat posed to or guarantee the safety of children, the elderly, and the mentally impaired, or assure the public that registered sex offenders will comply with the mandates of this law. This By-Law is intended to create a regulatory scheme in order to protect children, the elderly, and the mentally impaired to the extent possible under the circumstances. Nothing contained herein shall constitute a specific assurance of safety or assistance.
- D. The Town finds that registered sex offenders pose a clear threat to the children, the elderly, and the mentally impaired residing in or visiting in Leicester. Because registered sex offenders are more likely than any other type of offenders to re-offend for another sexual offense, the Town desires to impose safety precautions in furtherance of the goal of protecting the children, the elderly, and the mentally impaired in the Town of Leicester. The purpose of this by-law is to reduce the potential risk of harm to the children, the elderly, and the mentally impaired of the community by restricting the ability of registered sexual offenders to be in contact with those persons in locations that are primarily designed for use by or are primarily used by children, the elderly, and/or the mentally impaired, namely, the grounds of a public or private school for children, a pre-school, a day care facility, parks or other public recreational facilities, facilities for the elderly, facilities for the mentally impaired, or public libraries.

SECTION 1: DEFINITIONS

1. **"Public Library"** means the structure in which the Leicester Public Library is located.
2. **"Park"** means public land designated for active or passive recreational or athletic use by the Town of Leicester, the Commonwealth of Massachusetts or other governmental subdivision, and located within the Town of Leicester.
3. **"School"** means any public or private education facility that provides services to children in grades pre-kindergarten — 12.
