**RE: Roadway Reconstruction and Related Work along a Section of Paxton Street (Route 56), Leicester MA - MassDOT Contract No. 99634**

**DATE: April 12, 2018**

---

Progress Update:

The contractor upgraded some properties' stone walls, graded portions of the areas where new sidewalk will be constructed.

The contractor laid out the final edge of road and located all the drainage structures.

National Grid Electric will continue hardware installation and transfer the lines over. Verizon will mobilize to the site to do their relocations and remove the old poles later on.

Look Ahead:

The contractor will start excavation and installation of storm water drainage, phase II. We will maintain one lane alternating traffic with the assistance of the Leicester Police.

We are scheduled to pave on Thursday 4/19/18. I recommended this activity to be done during school vacation week. A detour will be implemented.

Again, we apologize for the inconveniences and will continue to take measures to proceed as smoothly as possible. Thank you for your cooperation and the cooperation and understanding of the Town of Leicester residents. If you have any questions, do not hesitate to contact me.
